

Bureau of Air Quality

South Carolina Department of Health and Environmental Control

Healthy People. Healthy Communities.

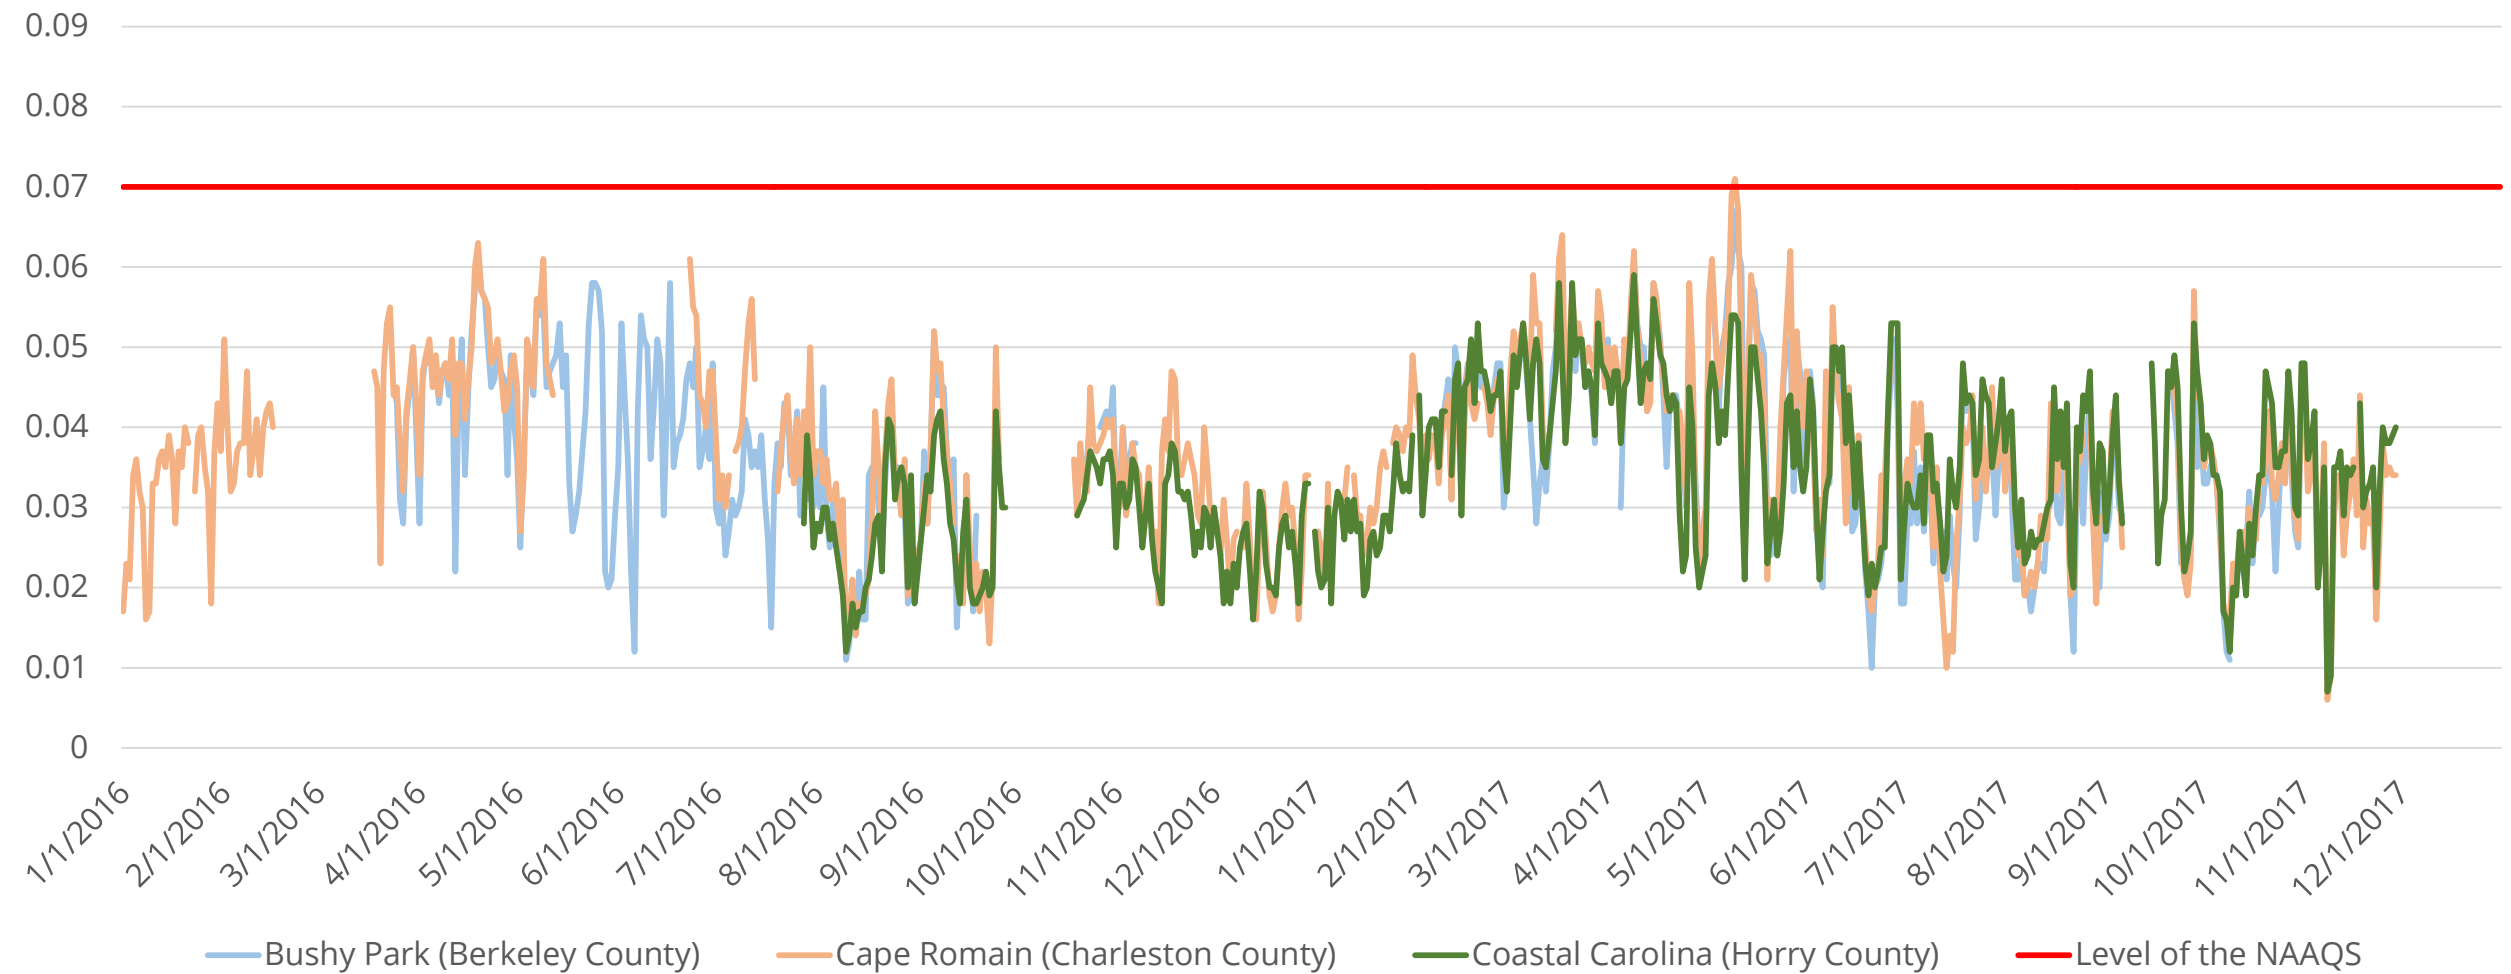

Coastal Carolina Air Monitoring Station

- Established 6/27/2016
- Monitors ozone
- Concentrations are similar to other coastal sites, which are well below the level of the ozone NAAQS.
- No exceedances of the ozone NAAQS.

Daily Maximum 8-hour Average Ozone Concentrations at Coastal Monitoring Sites

Monitoring Plan...

- Our monitoring plan is put on public notice between April and May of each year. We announce it through the public notice website. The current approved plan can be found at:
